

COVID-19 Booster Vaccination

Who is currently eligible for a COVID Booster?

The first stage begins with the following groups:

- Care home residents
- People aged 70 and over
- Frontline health and social care workers
- Clinically extremely vulnerable adults and those who are immunosuppressed

How do I access the Booster?

You must leave 6 months between your 2nd COVID vaccination and the Booster.

You will be contacted by the Brighton Racecourse COVID Vaccination Booking Team, either by text with a link to book your appointment or by telephone.

Please do *not* call the Avenue Surgery about your booster as we are not coordinating this programme.

If you have a COVID-19 vaccine related query, you can call the Brighton Racecourse COVID Vaccination Booking Hub on **0300 303 8060**.

You may be invited for your flu vaccination on a separate date.

Not had your 1st or 2nd vaccine?

You can come forward for any 1st and 2nd doses you have not yet had. Call the Brighton Racecourse Booking Line on 0300 303 8060.

Please leave at least 8 weeks between your first and second dose.
